I know...it stresses me out too...so let's try and be strategic about reviews etc.

You are right, the triennial review isn't there, I suppose in my mind I have put that in the category of 'done deal'.

I'll send a meeting invite for Tues and we can have a good discussion about it all!

Myla,

I'm stressed out just reading this. The triennial review isn't even on your list.

I checked calendars, and here's what's open next week for me & Tina:

Mon. 9-1 or 3-4

Tues 1-4

Wed 11-12, 1-2, 2:30-3:30

Th 12-1 or 2-4

**From:** Kelly, Myla [<mailto:MKelly2@mt.gov>]

**Sent:** Wednesday, January 25, 2017 1:52 PM

**To:** Fish, Tonya <[Fish.Tonya@epa.gov](mailto:Fish.Tonya@epa.gov)>; Laidlaw, Tina <[Laidlaw.Tina@epa.gov](mailto:Laidlaw.Tina@epa.gov)>

**Cc:** Urban, Eric <[EUrban@mt.gov](mailto:EUrban@mt.gov)>

**Subject:** upcoming standards work

Hi Tina and Tonya –

Hope the retreat went well!

Tonya, I left you a voicemail this morning but wanted to follow up with an email. We have quite a few topics coming down the pike that we will be looking to you guys for feedback and review. I know we all have full suites of projects at the moment, so I think it would be good for us to talk through timelines/ levels of effort and how to efficiently use your/our time.

Let's set a time for next week to talk. Here is a quick bulleted list to start with.

- SB325 – Part 2 Variance Rules and Guidance – need to finalize and initiate rule-making – March
- Nutrient Variance – DEQ 12B – May
- SB325 – Part 1 – Non-anthropogenic Arsenic – method for setting criteria - Feb
- SB325 – Part 1 Non-anthropogenic – Rules and Guidance – late spring

- UAA – New World Mine District – will be looking to EPA for guidance on that demonstration/process – Feb

Whew, I'm probably missing something...but these are all kinda beefy!

Let me know what day/time works for you guys.

Myla
